

# CARNIVAL GAMES PROJECT 1

## INCLUDE:

- **WORDS**
- **PICTURES / SCREENSHOTS**
- **YOUR OWN DIAGRAMS**

**1. CHOOSE A GAME.** Choose a carnival game. You may choose one from the linked folder, or find pictures/video of one online. You'll need the rules. Include pics and a description.

**2. WHAT ARE THE RULES OF THE GAME?** List the rules for the game.

**3. WHAT IS IT ABOUT THE PHYSICS THAT MAKES THIS GAME DIFFICULT?** Try to pinpoint what it is about the design of the game. There may be more than one thing. Diagrams are helpful. You may draw on paper and take a pic if that's easier.

**4. DO SOME RESEARCH:** See what others have tried and what they say about strategies. List websites and youtube channels that are helpful. Did they all say the same thing, or are their different opinions?

**5. SO...WHAT'S THE WINNING STRATEGY?** To be a legal game it has to be possible. So, based on your research, what do you think the winning strategy is?
